Bringing Talent to Life

**VOL 9 – May 2021**  
**Secondary School**

Dear CBS families,

As we celebrate the end of Ramadan, may the blessed occasion of Eid-ul-fitr grace you with happiness & fill your home with peace.

Only a few more weeks till the summer vacation, it is hard to believe it is this time of the year again already! It always amazes me when I write each monthly newsletter how much has happened since the previous one, and despite the Eid holiday coming in-between, the May Newsletter is certainly not an exception. We do hope you all had a lovely Spring holiday.

In May, students will complete their units of curriculum, start revision and get ready for their final exams (HS), while MS students will have their usual ongoing assessment.

The school is now working on the arrangements and perfecting the re-opening plans for a safe return insha'allah in September 2021. We are working under the MOH and MOE guidance and are following all the required health measures and taking all the precautions to make sure our staff, students and visitors are safe.

The plan will be shared with you before the beginning of next academic year and training sessions will take place before the start. We will provide you with hotlines, a handbook, and detailed plans to help keep the process smooth.

Getting educators and students vaccinated against the coronavirus that causes COVID-19 is a crucial step in the return-to-normal for schools. All staff members have taken or are waiting for appointments to take the COVID19 vaccine. We highly encourage all students who are 16 and above to take the vaccine before returning back to school. That is recommended by Ministry of Health and Ministry of Education in Kuwait in the memo # 164107 issued on March 16, 2021.

# COVID

### Monthly Value of April was: Teamwork

Students have worked in teams since the beginning of the 4th quarter and experienced the importance of teamwork. Teachers include teamwork activities in their lessons and teach students the skills needed to build a successful team.

Students learn the qualities of successful teamwork

- 1) They communicate well with each other,
- 2) They focus on goals and results,
- 3) Everyone contributes their fair share,
- 4) They offer each other support,
- 5) Team members are diverse,
- 6) Good **leadership**,
- 7) They're organized,
- 8) They have fun.

Islamic teachers also discussed the importance of teamwork in Islam and gave evidence from Quraan and Sunnah.

Students have presented outstanding speeches on the same in their assemblies both in English and Arabic.

### Gergean

Our students and their families celebrated Gergean. The most amazing thing about this year's celebrations is that HS students showed many acts of kindness towards their younger siblings and cousins and helped make their celebration a remarkable one even with the curfew in place. You're just AMAZING high-schoolers!

*Sincerely,*
