A Message from Mr. Hamad Mijrin Al Hamad

Dear family of CBS:

I am pleased to see our students all working steadily and improving in their academic performances. It is also a pleasure to see excellent participation in various activities in school and after school. The National Day, International Day and Earth day celebrations were a tremendous success.

There have been some outstanding performances, art displays and beautiful write-ups. Keep up the good work! The academic year 2011-12 has been very busy with a lot of interesting activities and developments.

We have begun the accreditation process with MSA and are preparing for the self study which should begin shortly. We thank you parents for your participation as your inputs play a vital role in improving the school. I trust that we will have your continued support as we continue this process.

A large part of CBS, success is the able academic leadership and strong administrative support. I thank you for your commitment and effort. To the teachers in particular, each one of you has played an essential role in bringing your students to the points they have reached in their journey of growth. Thank you for your dedication and perseverance.

As you prepare for the summer vacation, I wish you all a safe and enjoyable couple of months. Students, please remember to spend at least half an hour reading a book of your choice every day. I look forward to seeing you all return, charged and happy to handle another year of learning.

Best regards

Mr. Hamad Mijrin Al Hamad
Chairman

A Letter from Our Director

Dear Parents, Students and Staff of CBS:

It gives me great pride and pleasure to inform you that we have successfully completed 5 years at Canadian Bilingual School. From less than a hundred students in the first year, we have grown to over 600 students. While we care about growing the school, it is more important to us to invest in good resources, employ qualified teachers and more importantly provide an environment for teachers, students and parents to work together for the benefit of their children.

Over the last couple of years, we have spent time refining procedures and systems, and putting in place a strong academic program. The student information management system which we implemented allows us to monitor and track the individual performance of our students. Our records indicate a marked improvement in performance in the English and Arithmetic scores of our students in their tests and examinations. We have formalized the assessment process to be able to provide suitable intervention programs to help students in areas they are struggling with. We look forward to adding resources to build on the platform that we have.

The CBS football team made an excellent start by winning its first friendly match against Dasman Model School. Well done! Our students also played an excellent game against ACA which CBS narrowly lost. We have put in a new soccer field where students can practice and improve their skills. I hope our students make the best of the opportunities they have. The student council is very active and has held a number of enjoyable and productive events. Keep up the good work!

We have a strong academic administrative team lead by enthusiastic and committed leaders who are dedicated to helping students steadily improve their performance in academics, character development and extracurricular programs. The teachers are doing a good job of imparting the Ontario curriculum, using long range plans, unit plans and daily lesson plans.

We have embarked on the school accreditation program with MSA (Middle States Association). This requires the participation of parents, students and all staff of CBS. Note that this will benefit the school in building upon its standards and therefore it is important that you participate in the surveys which are sent out to you. Your inputs and suggestions will help us to develop plans that meet the needs of your children and our students.

In the next academic year, we are fortunate to be joined by Mr. Dan Ritco, the Principal for Senior School. Mr. Ritco is a very experienced and knowledgeable professional. Although he will come to Kuwait in July 2012, he has given us his invaluable time and experience to review our development plans and provide inputs which will help us to prepare for 2012-2013 and beyond. We look forward to building on the strong platform that we have as we are committed to providing a good education for our students. Mr. Shawn Hocking who has had a successful two years with us will continue as Principal for the Elementary department.

Happy summer holidays!

Best regards
K.O. Mathew
Director

A Word from our Principals

Dear Students and Families,

The 2011-2012 school year has been incredible at Canadian Bilingual School. The many improvements and level of enthusiasm displayed by our entire community has made this a year to remember.

Congratulations and thank you to Mrs. Tamey Morton, Ms. Tanya Bradshaw, Mr. Jeff Phillips, Ms. Lena Bell and Ms. Deena Henaway for spending so much time editing and designing this excellent year-book. It will be a keep sake all our lives. As you turn the pages of this book, you will be reminded of our exciting year at CBS.

As students, you should be proud of all your accomplishments, as you continue to 'Be Respectful, Be Safe, and Be Your Best!' You have all taken initiative and responsibility for your own learning, as was demonstrated during Student Led Conferences, as well as through the numerous student-led initiatives that took place throughout the year.

Our school has been very active this year with organized events that enabled us to purchase playground and gym equipment, improve the school grounds by purchasing and planting trees and flowers and items for a school wide BBQ. We promoted Spirit Days such as Pink Day, Pajama Day, Twin Day, Crazy Hair Day and Costume Day to name a few, and organized a Talent Show and other events that encouraged student involvement.

Our year was full of successes that we can all be proud of. Our junior and senior soccer teams represented CBS in several competitions with other schools, while many other students demonstrated their artistic talents to the rest of our community through performances at our Spring Concert, National Day, Award Assembly Celebrations and off campus competitions. Our school community came together once again for the 5th annual International Day. Students were able to take advantage of the variety of learning experiences. They presented their research about various countries with their peers during classroom visits. They showcased the similarities and differences among cultures that make us unique. In addition to sampling ethnic foods, watching performances and participating in cultural activities, winners of the writing contest shared their words regarding how "We are One".

Yes, we have had a wonderful year with much to celebrate and much to be proud of! We are proud of all our students, staff, parents and teachers who contribute to making CBS a school where we actually "Bring Talent to Life" and a love for learning!

Have a wonderful summer! Don't forget to explore your surroundings, keep your mind sharp and ask good questions. We look forward to seeing you again next school year!
